

CUB PACK REPORT

1st August, 1951

We are all very pleased that the Bottle Drive is finally over and the Old Wolverers are very proud of the effort the Cubs put into this job . The Pack has now settled into the usual meeting routine.

The Cubs have all been very anxious to start again on their Star Work, and they have all worked very hard, with fifteen passing their 1st Star during the month of July.

During the past month there has been a good attendance to all meetings.

Re the Bottle Drive, we wish to thank again all Parents who assisted and made it such a success.
