

Club Report

June 1951

The Pack continues to meet on Saturday mornings with great success. This arrangement seems to suit everyone.

There have been no outings but the Pack worked wonderfully well on Saturday the first pick-up of the bottle drive. We realize the job is too much for just the Scout sections and will be glad of assistance in the future. Very many thanks to those parents who sorted the load on Sunday, also thanks to Mrs. Bell for allowing us use of her home as a depot for our equipment etc. etc. luncheon break the jeeps were parked at Hollywood Ave, and during which time they were oiled and overhauled. Parking fees, services and materials have all been donated by Mr. Langley
