

CUB PACK REPORT.

3rd October, 1950.

The Pack has now only three members without uniforms, and these recruits should pass this month.

There is still plenty of keenness and proficiency badges are gradually appearing on more arms, and those doing Star Work are trying hard, though they have had little help during the past two weeks as Rikki has been unable to attend and we have played games the whole evening. Last Tuesday 28th September Mr. Stafford and Mr. Carey kindly assisted at the meeting and we all had an amusing evening. As the District Sports have been approaching, the Pack has endeavoured to get in trim on the two outings we have had in September, 16th and 30th. At both these occasions Baloo has helped and we also had the help of Mr. Carey. We do not expect to achieve any honours but everyone in the Pack can participate. As we have not a Troop to back us up, our points will be very few, but the Cubs will at least be able to represent 1st Strathmore.
